

# MARINE TURTLE HOLDING FACILITY QUARTERLY REPORT

Michelle Bauer - 160

01 March - 31 December 2007

ORGANIZATION AND PERMIT NUMBER

MONTHS AND YEAR OF REPORT

**SECTION 1. Marine turtles maintained during the quarter. Instructions:** List all marine turtles held during the quarter using the codes below. Be sure to complete/update associated information for each animal each quarter.

**SID #:** This is a State Identification number assigned to each turtle held at your facility (excluding hatchlings listed on the hatchling report form). Each time you receive a new turtle contact the FWC office in Tequesta at (561) 575-5407 to obtain an SID # for that animal.

**SPECIES CODES:** **CC** = *Caretta caretta*, **CM** = *Chelonia mydas*, **LK** = *Lepidochelys kempi*, **EI** = *Eretmochelys imbricata*, **LO** = *Lepidochelys olivacea*, **DC** = *Dermochelys coriacea*

**DATE ACQUIRED:** Report the date that your facility received the turtle. Under one of the last two columns indicate where the turtle came from (e.g., stranding, received from another facility, dropped off anonymously, etc.)

**SIZE CODES:** **Hatchling** = < 5cm carapace length (CL) for CC, CM, LK, EI and LO

**Post-hatchling** = > 5cm CL and < 10cm CL for CC, CM, LK, EI and LO

**Juvenile** = > 10cm CL and (1) < 45cm CL for LK and LO, (2) < 50cm CL for EI, (3) < 60cm CL for CC and CM

**Subadult** = > 45cm CL and < 60cm CL for LK and LO, (2) > 50cm and < 70cm CL for EI, (3) > 60cm and < 90cm CL for CC and CM

**Adult** = > 60cm CL for LK and LO, > 70cm CL for EI, and > 90 cm CL for CC and CM

**STATUS CODES:** **UR** = undergoing rehabilitation

**ED** = educational display animal (only loggerheads can be held solely for educational display. If you list any other species (i.e., a green turtle) as an educational display you must list another code as the primary purpose for holding.

**UO** = unknown origin or other origin (i.e., turtles that are not from the Western Atlantic Ocean or the Gulf of Mexico)

**PD** = permanently disabled (indicate disability on initial report)

**PREACT** = pre-act animal (turtles that have been held in captivity since before 1978)

**RESEARCH** = turtles being held for research (requires pre-approval)

**RFR** = turtles that are ready for release

**TSTR** = an otherwise healthy turtle being held until it reaches the appropriate size class for release in Florida waters

**DATE RELEASED/TRANSFERRED/DIED:** In this column indicate if the turtle was released, transferred to another facility, or died. If the turtle was released or if it died include the date. If the turtle was transferred to another facility include the date it was transferred and the facility it was transferred to.
